Third Grade Summer Reading Program

Dear Future Third Graders and Parents,

I hope you are looking forward to a relaxing vacation! Though the summer is filled with a lot of fun activities such as sports, traveling, and parties, it is important not to forget to also exercise your imaginations! The Summer Reading Program is designed to not only help you prepare for the third grade level reading you will be doing in the fall, but also to take you on adventures without ever leaving your house! Listed below is the required summer reading assignment that should be completed before the first day of school. Please read your book this summer, as you travel or hang out and relax. I recommend getting started sooner rather than later (a theme you'll hear over and over once school begins). I hope you enjoy your summer and are excited as I am for the new school year. Happy Reading!

Summer Reading Assignment- How to Be Cool in the Third Grade by Betsy Duffey

Activity - You will have a quiz on this book when you return to school in September. The date and outline for the quiz will be given during the first week of school. You may keep a reading journal for the book that you may use during the quiz. The reading journal summaries and notes must be recorded by you and used by you only during the quiz.

Other Recommended Books To Read Over Summer- If you love to read, here are some series that might interest you:

Junie B. Jones series by Barbara Park

Horrible Harry series by Suzy Kline

Magic Tree House series by Mary Pope Osborne.

Math Power- Please make sure to practice your addition and subtraction facts through games, worksheets, and online activities. Also, if you want to get a head start, begin learning your multiplication facts! All of this will be a great help to you when you return to school!
